Correction to Literák et al., Migration of Black Storks *Ciconia nigra* at a migratory divide: two different routes used by siblings from one nest and two different routes used by one individual

Ivan Literák, Petr Kafka, Josef Vrána and František Pojer (2017). Migration of Black Storks *Ciconia nigra* at a migratory divide: two different routes used by siblings from one nest and two different routes used by one individual. *Ringing & Migration*, Vol. 32, No. 1, 19–24, <https://doi.org/10.1080/03078698.2017.1332260>

In the published version of the above article, Figure 1 is incorrect. The notation to identify nest sites in Table 1 and Figure 1 of the paper are different, so for example N8 in Table 1 is incorrectly identified as N16 in Figure 1. The correct Figure 1 is reproduced below. Nest numbers in the corrected Figure correspond to the appropriate nest numbers in the table.
